Our Mission

To be a socially responsible, profitable manufacturer of excellence and market leader in the provision of affordable quality and reliable products for domestic and industrial use. We intend to achieve this through:

1. Leveraging brand names and strategically linking businesses for synergy.
2. Emphasizing and measuring operating efficiencies and cost structures in all areas of the organization to reduce costs consistently and increasing the return on sales without sacrificing quality.
3. Respecting the individuality of each employee and fostering a corporate environment in which employees' creativity, productivity and innovation are encouraged, recognized, valued and rewarded.
4. Maintaining a high level of integrity in interface / dealings with business partners and associates.
5. Striving to achieve customer satisfaction by producing quality products from dedicated production lines and to provide a back up sales service that ensures that we are our customers' preferred supplier.
6. Ensuring that every product coming off our dedicated production lines is to the same standard and quality as the original sample so as to ensure customer satisfaction.

Our Vision

- Our vision is to become the leading manufacturer for our range of quality products and to build our brands so that they are known and respected throughout the Comesa/SADC region.
- Our vision is to be known for reliability, flexibility, responsiveness, innovative products and services.
- We will achieve this vision by working together in an environment of trust, co operation and mutual respect.

Our Values

- As a company, and as individuals, we value integrity, honesty, openness, personal excellence, constructive criticism, continual improvement and mutual respect.
- We are committed to our customers and suppliers and have a passion for manufacturing.
- We will continue to expand our business and product ranges.
- We hold ourselves accountable to our customers, shareholders and employees by honoring our commitments, providing results and striving for the highest quality.

TREGER PRODUCTS (PVT) LTD
